

*Letters of Support for "Diva Dog"*

**FROM: KELLI MCCARTY**

"I support Diva Dog, and am participating in this very Important documentary because we need to educate the world about options available for disabled animals!"

"Please open your hearts to these animals that have been disabled due to accidents and disease, they are counting us!"

"If we all take the time to learn more about how we can help these disabled animals lead normal happy lives, we will all benefit from these amazing creatures!"

Re: Diva Dog

To whom it may concern:

I am pleased and honored to state that I strongly support the documentary "Diva Dog". This amazing tale of a proud disabled dog and her ever loving owner has reminded me about the true meaning of companionship. It has also enlightened me of the various options available for disabled pets and their owners. Everyone involved in "Diva Dog" should be applauded for their efforts, for they are truly special people.

We should all be so lucky to have the ability to influence and inspire people the way Coral did.

Sincerely,

James Madio
